FOREWORD

It is my pleasure to present the first Annual Report of the Valuation Tribunal.

This Annual Report sets out the activities of the Tribunal during 2019 and our work in meeting the needs of those who avail of our office in an efficient and effective manner, as well as outlining our plans for the future.

We are preparing this Report in a time of unparalleled volatility in how the entire Country operates and goes about its daily business. It is unclear how the landscape of conducting business, both private and public will appear as and when the current restrictions in relation to Covid-19 are eased. However, the Valuation Tribunal stands ready to provide the optimum service that we can, to ensure that we meet our statutory obligations in the most efficient fashion.

The Valuation Tribunal functions in an important environment, and our judgments influence directly the ability of both the business sector and local authorities to operate with fiscal surety. The Tribunal is committed to the highest standards of governance, consistent with our constitution as a public body and our important mandate to achieve correctness, equity and uniformity in respect of valuation of commercial and industrial property, derelict sites, and more recently, vacant sites.

To this end, 2019 saw the publication of a comprehensively revised and expanded set of appeal rules for the Tribunal. This first update of the rules in ten years, provide a detailed framework that sets out the practice and procedures to be followed in ensuring the valuation appeals process is transparent and consistent for all those involved.

The Tribunal, closed a total of 530 appeals in 2019 as we continue to deliver a high-quality and impartial service to all parties in the Tribunal appeals process. There has been an exponential increase in the volume of appeals to the Tribunal and this trend is expected to continue in light of the ongoing national revaluation programme. To ensure that the influx of appeals is dealt with in a timely manner, it is envisaged that the Tribunal will undertake substantial structural change over the coming years and it is important that these changes are as effective as possible to assist in delivering as efficient service as we can, in line with our statutory responsibilities.

I would especially like to take this opportunity to thank the members and the staff of the Tribunal for their dedication, commitment and professionalism in making 2019 a productive and successful year for the Tribunal.

Role of the Valuation Tribunal

The Valuation Tribunal is an independent statutory body initially established under the Valuation Act 1988 and continued by the Valuation Acts 2001 (as amended, most recently by the Valuation (Amendment) Act 2015) to hear appeals against decisions of the Commissioner of Valuation (i.e. The Valuation Office) on the valuation and revaluation of commercial properties for rating purposes. The Tribunal also hears appeals made by owners of derelict sites against the determination by local authorities of the market value of these sites under the Derelict Sites Act 1990. Since the commencement of the Urban Regeneration and Housing Act 2015, the Tribunal also hears appeals on the determination of the market value of sites under that Act.

An appeal to the Tribunal under the Valuation Act may be on grounds of the quantum of the valuation of a property or the rateability of a property. The Tribunal may disallow an appeal and thereby affirm the decision of the Commissioner; allow an appeal and amend the valuation of the property; or decide that the property under appeal should be included in or excluded from the valuation list.

Decisions and determinations of the Tribunal are published and are available to the general public, relevant practitioners and other interested parties on the Tribunal's website www.valuationtribunal.ie. Subject to a right of appeal to the High Court on a point of law, the decision of the Tribunal is final. The governance structure of the Valuation Tribunal is set out in [Appendix A](#).

Tailte Éireann

A merger of the Valuation Office, Property Registration Authority (PRA) and Ordnance Survey Ireland (OSI) is being undertaken. The new organisation arising from the merger, known as Tailte Éireann, will have responsibility for several important functions, including:

- The State property registration system,
- The State mapping and surveying infrastructure,
- The State property valuation service,
- The development and maintenance of State geospatial information,
- Dealing with applications for purchase of ground rents, and
- Ensuring the proper functioning of the Valuation Tribunal

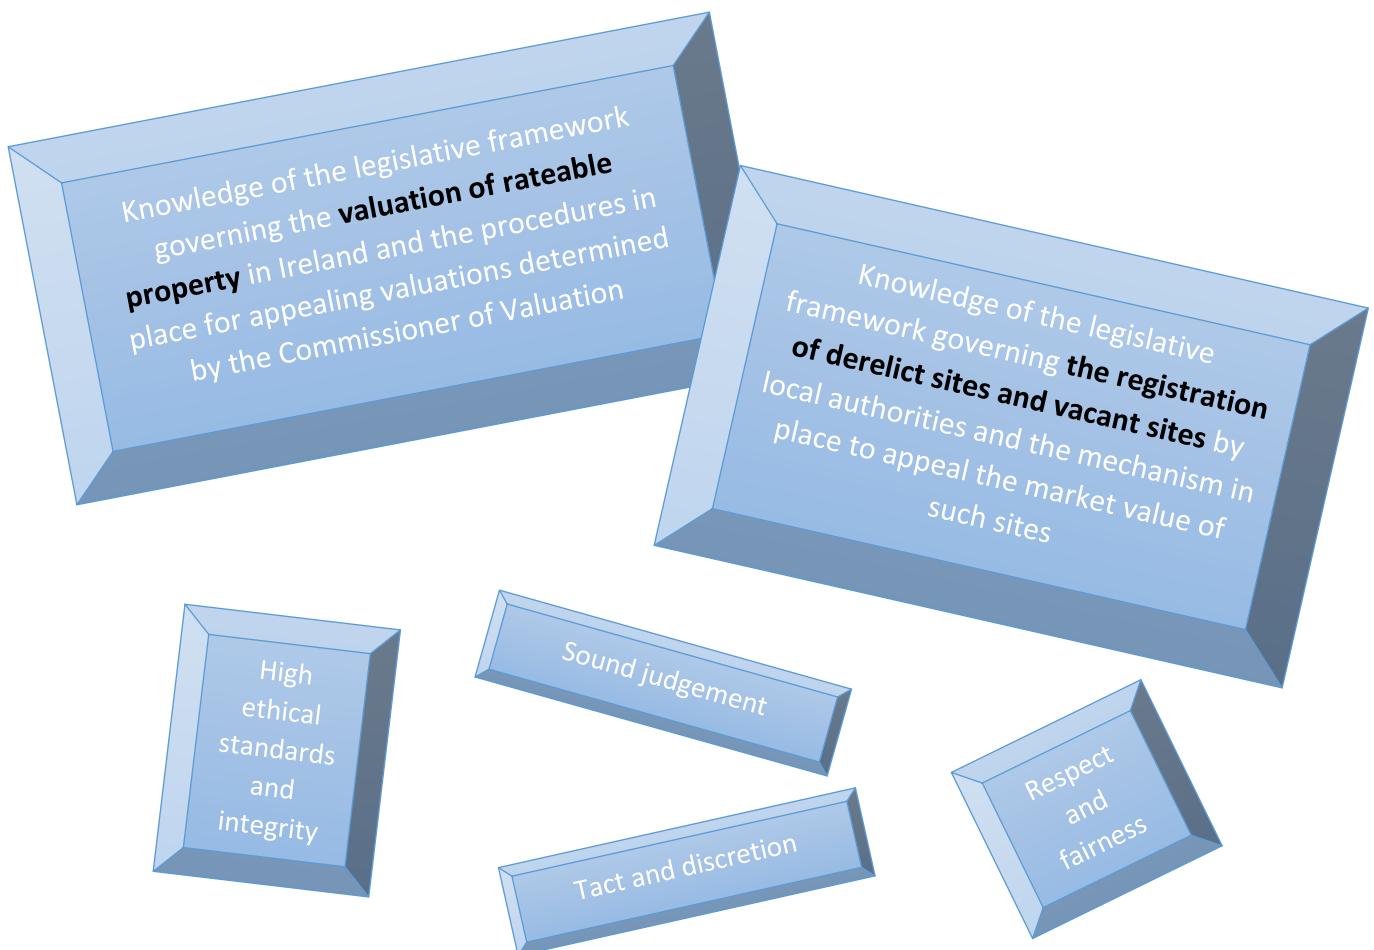

The functions of the merging organisations were transferred from the Department of Justice and Equality and have operated under the aegis of the Department of Housing, Planning and Local Government since the beginning of 2018 (*Statutory Instruments 573, 574 & 575 of 2017*).

Constitution of the Valuation Tribunal (Tribunal Members)

The Tribunal currently comprises 30 members, including 1 Chairperson, 9 Deputy Chairpersons and 20 Ordinary Members, mainly drawn from the legal/chartered surveyor professions. Ordinary members are appointed for a term of five years and may be re-appointed for a further term of 5 years. Ordinary members may be considered for the role of Deputy Chairperson. The membership of the Tribunal is set out at [Appendix B](#).

The Tribunal meets in divisions of three chaired by either the Chairperson or one of the Deputy Chairs. Changes introduced to Schedule 2 of the Valuation Act 2001 (made under the Valuation (Amendment) Act 2015) mean that a single member of the Tribunal can hear an appeal where it is considered that an appeal can be determined without an oral hearing (i.e. a document based appeal).

Membership of the Tribunal requires a high level of professionalism, integrity and impartiality, and typically, members would display a varied and robust skillset which would include the following;

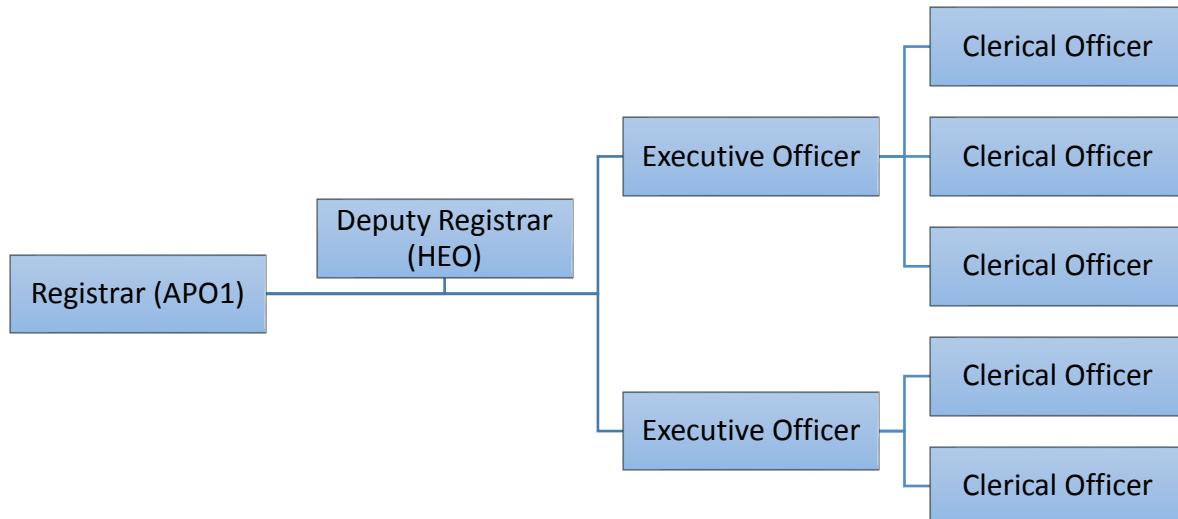

Administrative Support

The Valuation Tribunal staff support the administration function of the Tribunal and oversee its day-to-day running. During 2019, the office staff consisted of the Registrar of the Valuation Tribunal, Deputy Registrar of the Tribunal, Office Manager and 3 Office Administrators. The Registrar of the Tribunal is on secondment from the Department of Housing, Planning and Local Government. All other staff are on secondment from the Valuation Office. All staff are civil servants and are remunerated in accordance with Civil Service pay scales. None of the staff were in receipt of additional non-pay benefits.

The Tribunal operates from and facilitates hearings in our office in Holbrook House, Holles Street, Dublin 2.

In 2019 the administrative staff were involved in the closing of 530 appeals, a process that has involved case managing listings, providing general assistance to appellants, respondents, and interested parties, issuing statutory correspondence and supporting the Tribunal members on a daily basis. Either the Registrar or the Deputy Registrar attend the oral appeal hearings and directly support Tribunal members.

As of May 2020, the Tribunal recruited an additional three staff (one Executive Officer and two Clerical Officers) to expand the staffing complement to nine.

Statutory Underpinning of the Valuation Tribunal

The primary legislation supporting the work of the Valuation Tribunal includes:

- The Valuation Act 2001 (No. 13 of 2001) which came into effect on 2nd May 2002
- The Valuation (Amendment) Act 2015 (No. 10 of 2015) which came into effect of 23rd April 2015
- The Derelict Sites Act 1990 (No. 14 of 1990) which came into effect on 27th June 1990.
- The Urban Regeneration and Housing Act 2015 (No. 33 of 2015) which came into effect on the 28th July 2015

The Valuation Act 2001

The principal legislation governing the valuation of property for rating purposes in Ireland is the Valuation Act 2001. Section 12 of the Valuation Act 2001 provides for the continued establishment of the Valuation Tribunal. Sections 34 to 40 of the Act set out the mechanism for appeals to be made to the Tribunal. Schedule 2 of the Act outlines the operational procedures for the Valuation Tribunal itself.

The Valuation (Amendment) Act 2015

This Act updates and amends certain provisions of the Valuation Act 2001. Specifically In respect of the Valuation Tribunal, The Valuation (Amendment) Act 2015 amends the circumstances and the grounds on which an appeal may be made to the Tribunal. Section 38 of this Act allows for the Tribunal to determine a case based on written, document based submissions of evidence only, rather than by oral appeal.

The Derelict Sites Act 1990

The owner of a Derelict Site can appeal to the Valuation Tribunal against the determination of the market value of that site made by the local authority. In accordance with section 22(4) of the Derelict Sites Act 1990, an owner of urban land can appeal to the Valuation Tribunal against a determination of the market value of a site as determined by a Local Authority under subsection 1 of section 22 of the Act. The Tribunal has the power to deal only with the determination of market value under this Act for the purposes of calculating the derelict sites levy imposed by the local authority.

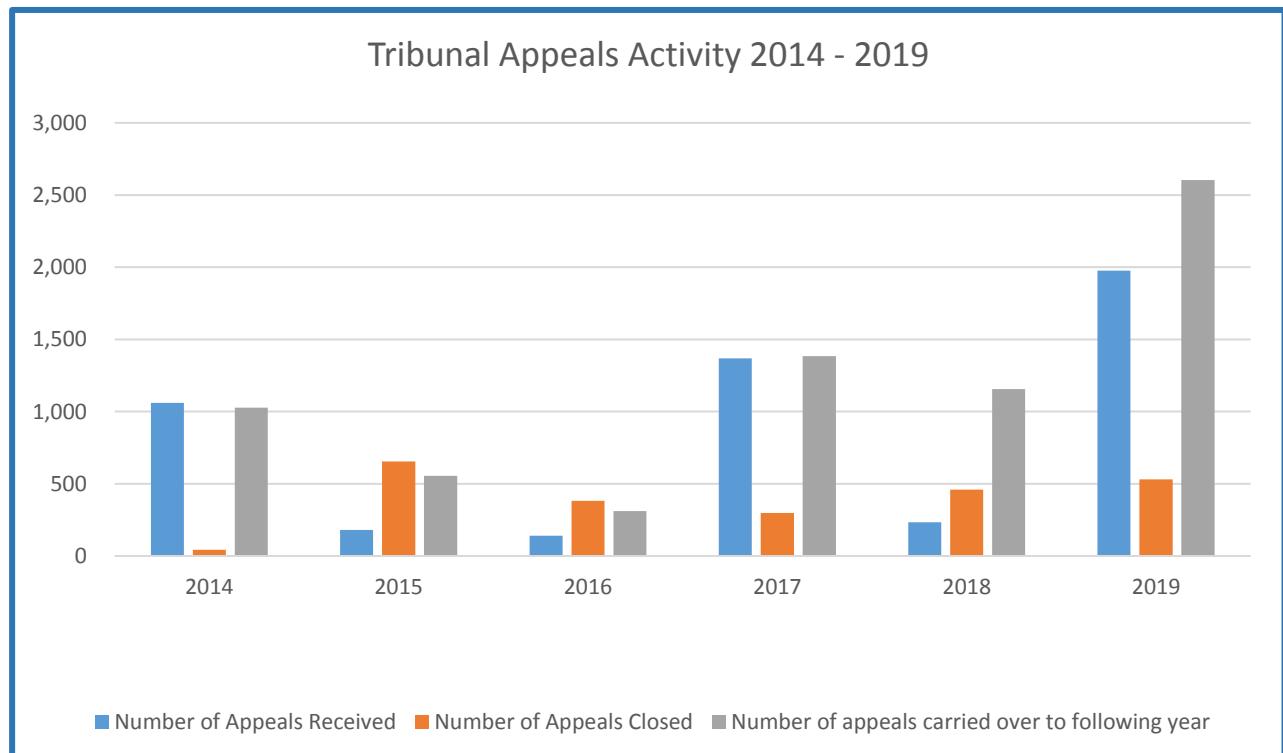

The Urban Regeneration and Housing Act 2015

In accordance with section 13(1) of The Urban Regeneration and Housing Act, 2015, an owner of a vacant site can appeal to the Valuation Tribunal against a determination of the market value of a site as determined by a local authority under the Act. The Tribunal has the power to deal only with the determination of market value under this Act for the purposes of calculating the vacant sites levy imposed by the local authority and it is not empowered to deal with any other issues arising between the parties.

Valuation Tribunal Appeals Activity

National Revaluation Programme

The ongoing national revaluation programme currently underway (by the Valuation Office) involves the valuation of some 150,000 commercial and industrial rateable properties. Completing the first national revaluation since the mid-nineteenth century, and getting properties in every local authority area onto the subsequent 5-10 year rolling cycle of revaluations provided for in the Valuation Acts 2001-2015 represents a sea-change and fundamental modernisation of the rateable valuation system. The national revaluation programme has had significant consequences for the workload of the Valuation Tribunal.

The increase in the number of appeals received by the Tribunal in the years 2014, 2017¹ & 2019² relates to elements of the national revaluation programme carried out across selected tranches of local authority administrative areas. The next significant revaluation should be completed, and subsequent appeals made to the Valuation Tribunal in late 2021³. At the beginning of 2020 the Tribunal had some 2,600 appeals on hand. A breakdown of the Tribunal's Appeals Activity 2015 – 2019 is set out on the following page.

¹ Carlow, Kildare, Kilkenny, Leitrim, Longford, Offaly, Roscommon, Sligo, Westmeath and South Dublin.

² Cavan, Fingal, Louth, Meath, Monaghan, Tipperary, Wexford and Wicklow.

³ Clare, Cork City & County, Donegal, Mayo, Galway City & County, Kerry.

2019 --- Revaluation Appeals Cases concluded

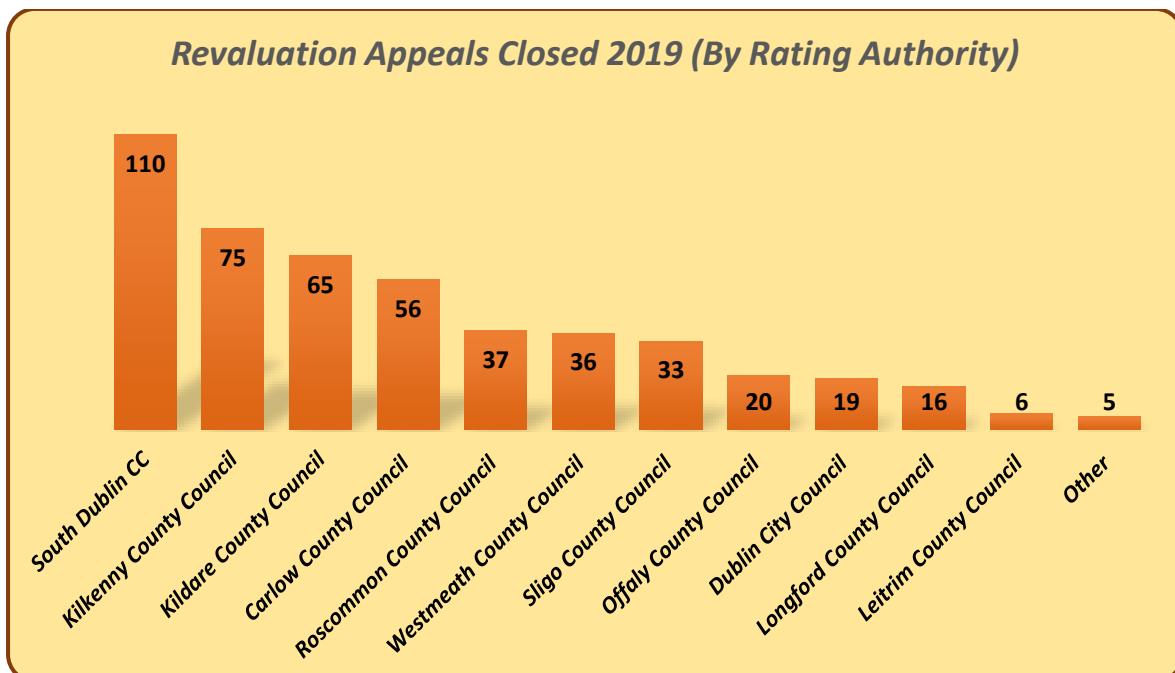

Of the 530 appeals closed by the Valuation Tribunal during 2019, 478 related to revaluation appeals. As set out in the following chart, 302 (63%) of these appeals were agreed without recourse to a full oral hearing, with 112 (24%) being heard by the Tribunal and a judgment subsequently issuing. The remaining 64 appeals (13%) were withdrawn or struck out.

The breakdown of the property categories of the 478 revaluation appeals closed in 2019 is set out below. Retail (shops), offices and industrial use properties accounted for 71% of the revaluation appeals closed.

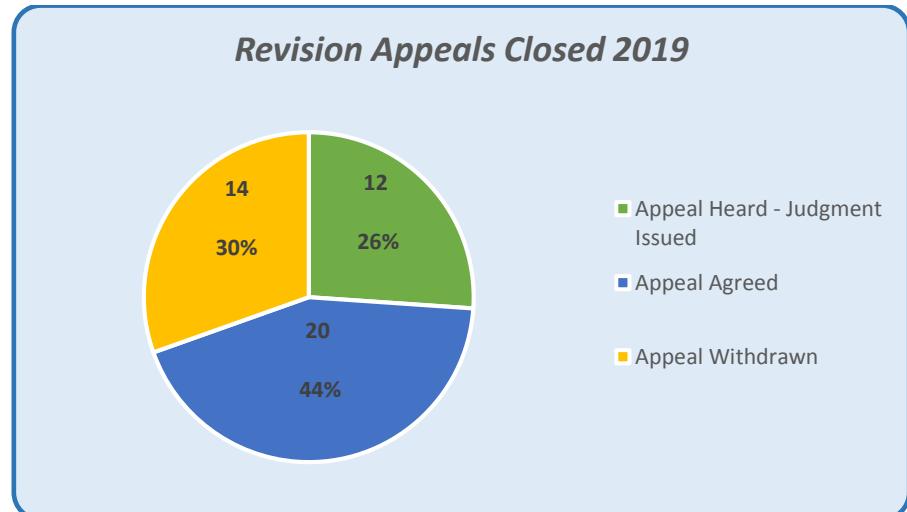

The following chart sets out the number of appeals closed during 2019 by rating authority administrative area. The named rating authorities below (excluding Dublin City Council) were part of the 2017 National Revaluation Programme.

2019 --- Revision Appeals Cases concluded

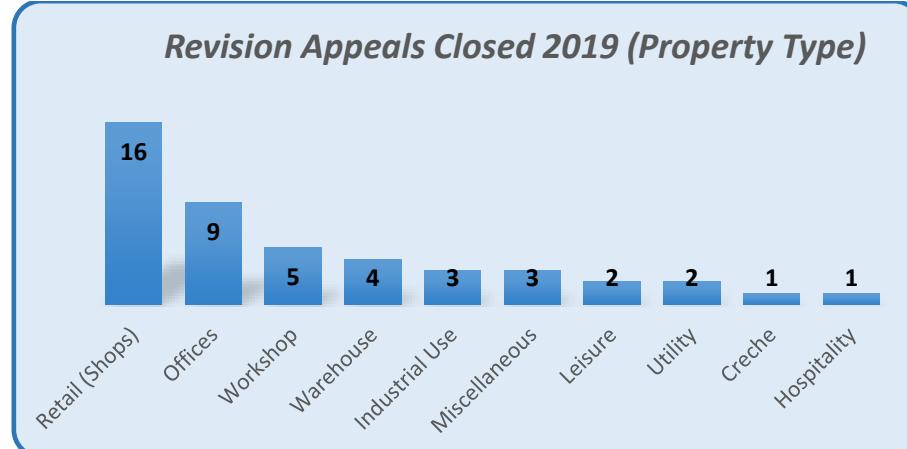

A Revision is the process through which individual properties are valued for rating purposes between revaluation periods. Revision applications can arise from a “Material Change of Circumstances”⁴ to an existing commercial or industrial property such as an extension, a subdivision or an amalgamation of two or more properties or the completion of a completely new property.

Revision appeals accounted for 46 of the 530 appeals closed by the Tribunal in 2019. 20 of these appeals (44%) were agreed without recourse to a full oral hearing, with 12 (26%) being heard by the Tribunal and a judgment subsequently issuing. The remaining 14 appeals (30%) were withdrawn or struck out.

The breakdown of the property categories of the 46 revision appeals closed in 2019 is set out across.

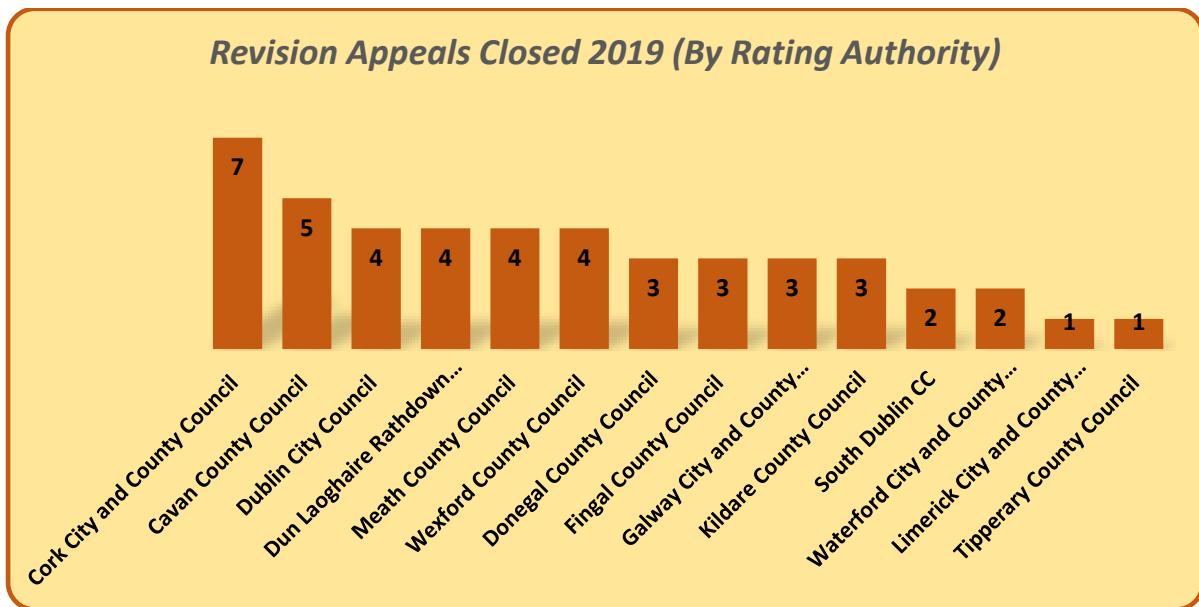

Retail (shops) and offices accounted for 55% of the revision appeals closed.

⁴ Material Change of Circumstances is defined in the Valuation Act 2001. The main criteria for satisfying the Material Change of Circumstances rule are as follows:

1. The property is an existing property whose value has changed by virtue of structural/physical alterations (including damage by fire or other physical cause).
2. The property is an existing property which has been divided into 2 or more separate properties.
3. Two or more existing properties have been amalgamated into a single property.
4. There has been a change in the rateable status of an existing property. This occurs when a property which was previously rateable becomes no longer rateable or a property which was not previously rateable has now become rateable.
5. The property is a new property that has never been valued before.

The following chart sets out the number of revision appeals closed during 2019 by rating authority administrative area.

2019 --- Derelict Site and Vacant Site Appeals Cases concluded

The volume of derelict site appeals and vacant site appeals received remains small relative to the overall Tribunal workload. In 2019, the Tribunal concluded 2 derelict site appeals and 4 vacant site appeals. The details of these appeals are set out below.

Appeal Type	Rating Authority	Concluded by
Vacant Site	Cork County Council	Appeal Withdrawn
Vacant Site	Cork County Council	Appeal Withdrawn
Vacant Site	Dublin City Council	Appeal Agreed
Vacant Site	Wicklow County Council	Appeal Agreed
Derelict Site	Dublin City Council	Appeal Withdrawn
Derelict Site	Dun Laoghaire-Rathdown County Council	Appeal Withdrawn

Voted Expenditure & Receipts

The Valuation Tribunal operates as an independent Office and is funded by Subhead Vote 16 as set out in *Revised Estimates Volumes for the Public Service*. Vote 16 covers two programmes; Programme A relates to the work of the Valuation Office itself and **Programme B relates to the administration work of the independent Valuation Tribunal.** The Commissioner of Valuation (Valuation Office) is the Accounting Officer for all expenditure and income under Vote 16. The following table sets out the expenditure of the Tribunal for 2017-2019.

	2017 €000	2018 €000	2019* €000	2020* €000

Programme B - Total Current Expenditure	580	771	790	N/A

* The budget allocation for 2019 and 2020 include a capital figure of €250,000 for the development of an integrated case management ICT system for the Valuation Tribunal. Some initial work has been undertaken on this project.

Tribunal workload capacity

The Tribunal currently operates from two hearing rooms. Hearings on average last half a day, but given the complexity of some appeals they can take more than one sitting to conclude. Since the beginning of 2020, on average, 10 hearings are accommodated each week (an increase from an average of 8 in previous years).

In the years 2017-2019, approximately 52% of appeals received resulted in a full hearing of the Tribunal, with the remainder being agreed, withdrawn or struck out. Regardless of whether an appeal results in a full hearing by the Tribunal, a significant amount of work must be undertaken by the administrative staff in the Valuation Tribunal (with all cases being prepared on the basis that it will result in a full hearing by the Tribunal).

Similarly, Tribunal members will have undertaken a considerable amount of research and preparatory work on each appeal to which they are assigned.

Owing to the outbreak of the coronavirus and the subsequent restrictions in respect of working arrangements, the Tribunal postponed all oral appeals from mid-March 2020. Clearly, this will impact greatly on the ability of the Tribunal to deal with the significant backlog of appeals on hand.

Valuation Tribunal - Operational Developments

- ❖ **Covid-19:** The current pandemic has slowed the operation of the Tribunal in determining appeals on hand. While oral hearings have been postponed since mid-March 2020, the Tribunal has reconfigured the main appeals room in our office which will allow for a limited number of socially distanced oral appeals to resume from mid-August 2020.
- ❖ The Tribunal has actively examined the holding of remote/online hearings and drafted robust protocols to ensure that the current rules and procedures in place for oral hearings can be mirrored for remote hearings. To this end, the Tribunal held its first remote hearing at the end of July 2020 and it is hoped that we can host a significant number of remote hearings in the normal course of our operational model into the future.
- ❖ The Valuation Tribunal is customer driven and as such it is not possible to accurately forecast appeals workload as the regulatory process means that this is entirely dependent on the decision of commercial ratepayers to appeal the valuation of the subject property. Similarly, this holds for revision appeals and appeals against the market value of sites set by local authorities for derelict sites or vacant sites.
- ❖ The Valuation Tribunal organisational structure has changed little since its establishment over 30 years ago while the environment in which it operates has seen many changes, including the roll-out of the National Revaluation Programme. In that time, the number of appeals to the Tribunal has steadily increased but the process for decision-making has, in essence remained the same.
- ❖ The suitability of our office accommodation to meet the capacity of the appeals workload (as the office (pre covid-19) operates from only two appeals rooms) is an obstacle to the Tribunal carrying out its functions with optimum efficiency.
- ❖ The National Revaluation Programme has and will continue to have significant consequences for the workload of the Tribunal and its ability to carry out its statutory functions in a timely and efficient manner.
- ❖ A Working Group was established by the then Minister for Housing, Planning and Local Government in 2018 to secure improvements in accountability, efficiency and effectiveness in how the Tribunal operates. This periodic critical review has been completed and contains a range of recommendations to ensure that the Valuation Tribunal is fit for purpose and adequately resourced to carry out its role successfully in support of its statutory function. The Tribunal and the Department continue to work closely to progress the key recommendations set out in the periodic critical review, including the issues set out above.

- ❖ The following sets out the strategic planning that the Tribunal is putting in place for the medium to long term with the aim of moving to a more efficient operating model.

Oversight Agreement

The *Code of Practice for the Governance of State Bodies* states that Departments should have written oversight arrangements with State bodies under their aegis appropriate to the scale, nature, responsibilities and functions of the State body. Good governance in the public sector is to ensure that entities achieve their intended outcomes as defined in their governing legislation and Statements of Strategy while acting in the public interest.

Certain requirements of the Code may have a not directly apply to the Tribunal, given the nature and scale of our activities, the resources available, and our governing statutes.

The Periodic Critical Review of the Tribunal included a recommendation that an Oversight Agreement and Performance Delivery Agreement should be put in place between the Valuation Tribunal and the Department of Housing, Planning and Local Government. To this end, the Tribunal has for the first time, finalised and agreed an Oversight Agreement (appropriate to the extent to which the compliance requirement of the *Code of Practice for the Governance of State Bodies* is relevant to the Tribunal) with the Department of Housing, Planning and Local Government for 2020.

Valuation Tribunal Strategic Plan 2021-2024

The preparation and adoption of a strategic plan is a primary responsibility of each State body. Such plans set appropriate objectives and goals and identify relevant indicators and targets against which performance can be clearly measured. The Valuation Tribunal will finalise and publish our *Strategic Plan 2021-2024* during the second half of 2020.

The Strategic Plan will outline our ambitions and set out our strategic direction over the next three years. The actions outlined in the Plan underpin our overarching aim of providing the most efficient service to all those who participate in the appeal process. The key strategic objectives for the three year period to 2024, and required to modernise the appeals process so that cases are dealt with in a more efficient and timely manner are;

Improved Governance and Oversight

- The Tribunal will operate in line with the *Code of Practice for Governance of State Bodies*, including developing an Annual Report and an Oversight Agreement with the Department of Housing, Planning and Local Government. (**Strategic Objective 1**)

Transforming and Enabling the Tribunal

- The Tribunal will work closely with the Department of Housing, Planning and Local Government to develop a workforce plan to facilitate the reorganisation of its overall structure. (**Strategic Objective 2**)

Modernising the ICT Appeals Process

- A thorough review of the current work practices throughout the appeals process to identify areas where better use of modern ICT practices can create both efficiencies for those involved in the process but also to create an improved appeals process for the citizen. **(Strategic Objective 3)**

Online Services

The Tribunal has made recent ICT improvements, including to our website (www.valuationtribunal.ie), which now accommodates the facility for registering on-line appeals, electronic payment of appeal fees and the Tribunal now publishes appeal judgments on our website. During 2019 our search function was updated to make it more user friendly and easy to access. The Tribunal continues to be committed to the implementation of enhanced integrated ICT systems to facilitate improved customer service.

Freedom of Information

The Freedom of Information Acts apply to the Valuation Tribunal. Further information on the functions and records and on the rules and practices of the Valuation Tribunal is available in the [Sections 15 & 16 Reference Book – A Guide to Functions, Records, Rules and Practices of the Valuation Tribunal](#) published in accordance with the Freedom of Information Act.

During 2019, the Tribunal received 1 request under the Freedom of Information Acts.

Provision of Information to Members of the Oireachtas

In accordance with D/PER Circular 25/2016 – *Protocol for the Provision of Information to Members of the Oireachtas by State Bodies under the aegis of Government Departments*, the Tribunal provides and maintains (since Q2 of 2020) a dedicated email address for Oireachtas members. The Tribunal endeavours to comply with target deadlines and standards in terms of acknowledgements and responses to queries and will report annually on compliance with standards set out in Circular 25/2016.

Fees Collected

Appeals to the Tribunal are subject to a prescribed fee payable by the person who brings the proceeding concerned. Fees paid to the Valuation Tribunal are accounted for as Appropriations-in-Aid. In 2019, appeal fees received by the Tribunal amounted to €430,000 and formed part of the appropriation-in-aid to the Valuation Office.

The current fees payable for each type of appeal are set out at [Appendix C](#).

Data Protection

The General Data Protection Regulation (GDPR) came into effect on 25th May 2018. It provides regulation in relation to personal data including its collection and use by organisations and its protection. Individuals have a right, inter alia, to obtain a copy of any information relating to them that is kept by the Valuation Tribunal. Further information on the data held by the Tribunal is set out in our [*Privacy Policy*](#), which can be found on our website www.valuationtribunal.ie.

Risk Management

The Valuation Tribunal has prepared a Risk Register in accordance with Department of Public Expenditure and Reform guidelines, which is maintained on an ongoing basis. The maintenance of the register is designed to ensure that risks are identified and assessed and that appropriate mitigating actions are, where resources allow, put in place. The Risk Register, which includes mitigation measures, is compiled by the Registrar on behalf of the Valuation Tribunal and is reviewed on an ongoing basis.

Reflecting the key priorities for the organisation, the main potential risks to the Valuation Tribunal during 2019 (and at the time of writing in 2020) were:

- Tribunal working environment - Implications of Covid-19 into the medium / long term restrictions
- Inability to increase number of Tribunal Members to deal with more appeals per annum
- Insufficient Valuation Tribunal Staffing Complement to progress increased number of appeals on hand
- Valuation Tribunal securing additional workspace / office accommodation to allow it work in the most efficient and effective manner.

Mitigation measures have been / are being put in place to address the risks identified above:

- The Tribunal has developed a Return to Work Safely Response Plan to allow staff attend the Tribunal Office on a staggered basis. Those staff not in the office have been assigned work that can be undertaken from home.
- The Tribunal held its first remote hearing at the end of July 2020 and it is hoped that we can host a significant number of remote hearings in the normal course of its operational model into the future.
- The Tribunal, with the assistance of the DHPLG and the Public Appointments Service, held a competitive appointments selection process in June 2020 to recruit an additional 6 Tribunal members, which will bring the total membership panel to 36.

- The Tribunal recruited an additional 3 staff during Q2 of 2020 and whilst the increase in the staffing complement is welcomed, the optimum future operating model for an expanded Valuation Tribunal will be subject of a detailed workforce plan, to be developed in consultation with the Department.

Valuation Tribunal Customer Charter

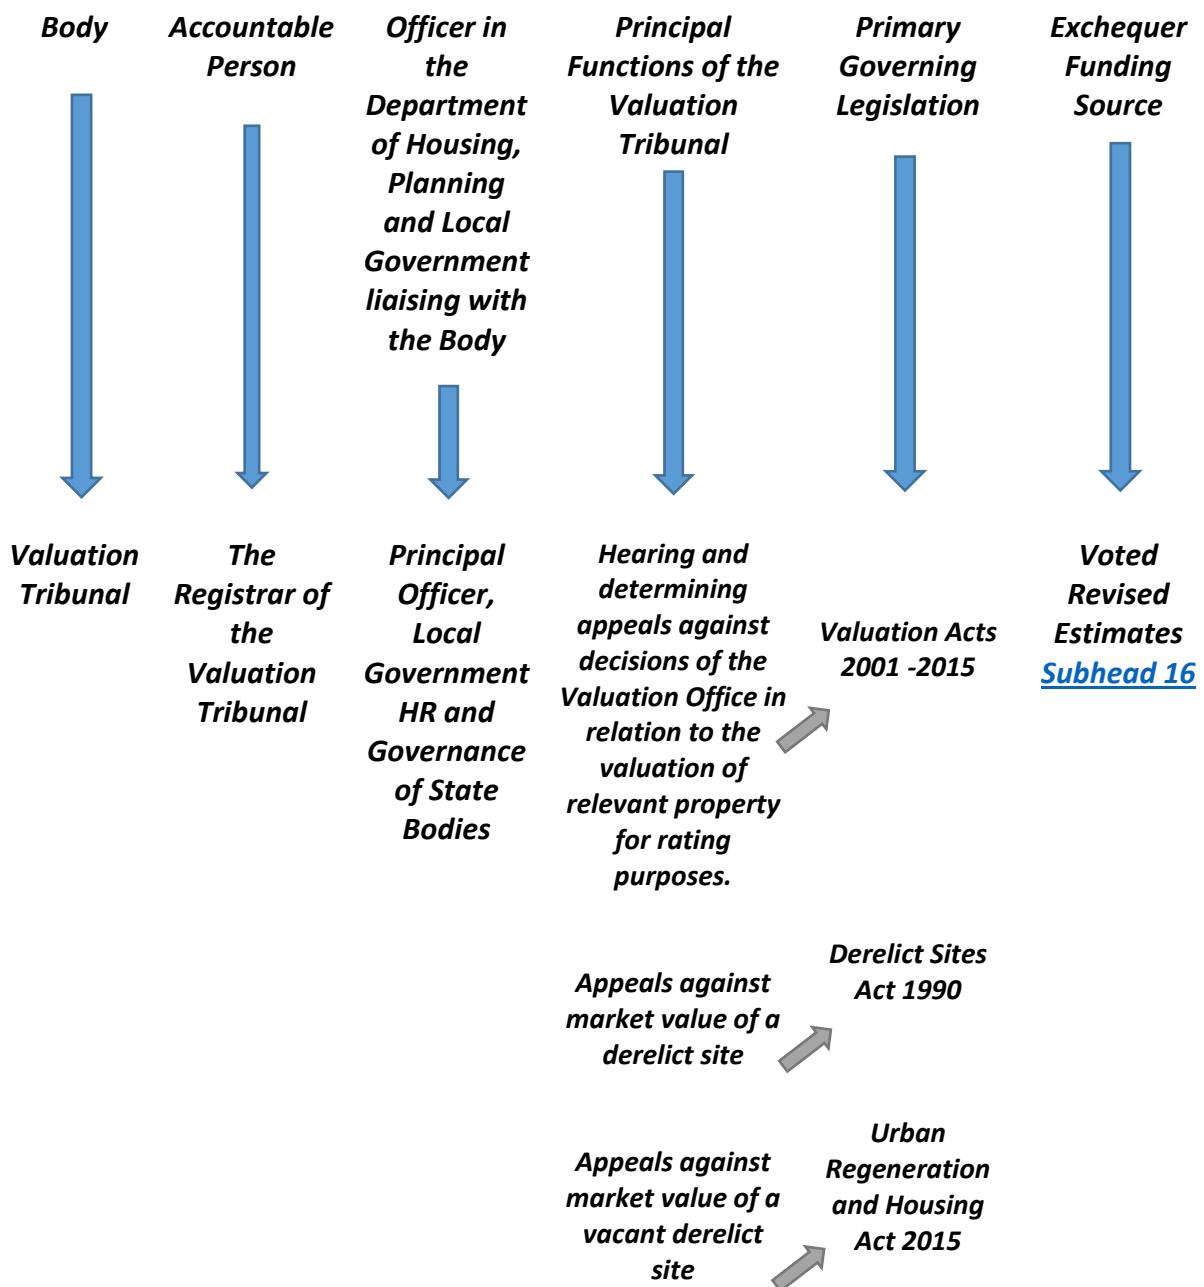

The Valuation Tribunal has prepared our customer charter setting out the level of service a customer can expect. The charter is displayed on our website (under the “[publications](#)” page) and states the Tribunal’s commitment to providing services to our customers in accordance with the twelve Principles of Quality Customer Service for Customers and Clients of the Public Service. It also informs customers of contact and feedback mechanisms.

Protected Disclosures

The Protected Disclosures Act 2014 requires every public body to establish and maintain procedures for dealing with protected disclosures. In accordance with section 21(2) of the Protected Disclosures Act 2014, the Tribunal has provided its employees with written information relating to the protected disclosures established and maintained.

During 2019 no protected disclosures were made by any Valuation Tribunal employee under the terms of the legislation.

RÉAMHRÁ

Is pléisiúr dom an chéad Tuarascáil Bhliantúil ón mBinse Luachála a chur i láthair.

Leagtar amach sa Tuarascáil Bhliantúil seo gníomhaíochtaí an Bhinse le linn na bliana 2019 chomh maith leis an obair a dhéanaimid d'fhonn riachtanais na ndaoine a bhaineann leas as an oifig a bhaint amach ar bhealach éifeachtúil agus éifeachtach, mar aon le hachoimre a thabhairt ar an méid atá beartaithe againn don todhchaí.

Táimid ag ullmhú na Tuarascála seo le linn tréimhse atá thar a bheith mhíshocair maidir le feidhmiú na tíre ar fad agus maidir le bheith i mbun gnó laethúil. Níl sé soiléir fós cén chuma a bheidh ar an tírdhreach gnó, idir phríobháideach agus phoiblí, nuair a mhaolófar na srianta reatha i ndáil le Covid-19. Mar sin féin, tá an Binse Luachála ullamh chun an tseirbhís is fearr a chur ar fáil agus is féidir linn lena chinntíú go mbainimid amach na hoibleagáidí reachtúla atá orainn ar an mbealach is éifeachtúla.

Feidhmíonn an Binse Luachála i dtimpeallacht thábhachtach, agus bíonn tionchar díreach ag ár mbreithiúnais ar chumas na hearnála gnó agus cumas údarás áitiúil araon oibriú le cinnteacht fhioscach. Tá an Binse díograiseach faoi na caighdeáin rialachais is airde, atá i gcomhréir lenár mbunreacht mar chomhlacht poiblí agus an sainordú tábhachtach atá againn chun cruinneas, cothromas agus aonghnéitheacht a bhaint amach i ndáil le maoin tráchtála agus tionscail, láithreáin thréigthe, agus le tamall anuas, láithreáin fholmha a luacháil.

Chun na críche sin, foilsíodh sa bhliain 2019 sraith rialacha achomhairc don Bhinse a athbhreithníodh go cuimsitheach agus a méadaíodh. Tríd an gcéad nuashonrú a rinneadh ar na rialacha le deich mbliana anuas, cuirtearcreat mionsonraithe ar fáil ina leagtar amach an cleachtas agus na nósanna imeachta atá le leanúint lena chinntíú go bhfuil an próiseas achomhairc luachála tréhearach agus seasmhach do gach duine atá rannpháirteach.

Chuir an Binse críoch le 530 achomharc ar an ionlán in 2019 agus sinn ag leanúint de sheirbhís ardchaighdeáin agus neamhchlaonta a chur ar fáil do gach páirtí sa phróiseas achomhairc Binse. Tá méadú as cuimse tagtha ar líon na n-achomharc chuig an mBinse agus táthar ag súil go leanfar den treocht sin i bhfianaise an chláir náisiúnta athluachála a leanann ar aghaidh. Lena chinntíú go ndéileálfar le líon níos mó achomharc in am tráthá, táthar ag súil go dtabharfaidh an Binse faoi athrú suntasach ó thaobh struchtúir de sna blianta amach romhainn agus tá sé tábhachtach go mbeidh na hathruithe sin chomh héifeachtach agus is féidir d'fhonn cuidiú linn seirbhís a chur ar fáil atá chomh héifeachtach agus is féidir, i gcomhréir leis na freagrachtaí reachtúla atá orainn.

Ba mhaith liom an deis seo a ghlacadh chun buíochas a ghabháil le baill foirne an Bhinse mar gheall ar a ndúthrecht agus gairmiúlacht chun go mbeadh bliain rathúil agus táirgiúil ag an mBinse in 2019.

Ról an Bhinse Luachála

Comhlacht neamhspleách reachtúil is ea an Binse Luachála a bunaíodh i dtosach báire faoin Acht Luachála 1988 agus a coimeádadh i bhfeidhm faoi na hAchtanna Luachála 2001 – 2015, (arna leasú, is faoin Acht Luachála (Leasú), 2015 a rinneadh an leasú is déanaí air) chun achomhairc in aghaidh chinntí an Choimisinéara Luachála (i.e. an Oifig Luachála) a éisteacht maidir le maoine tráchtála a luacháil agus a athluacháil chun críocha rátála. Chomh maith leis sin, éisteann an Binse achomhairc a dhéanann úinéirí láithreán tréigthe in aghaidh cinneadh údarás áitiúil maidir le luach margaidh na láithreán sin faoin Acht um Láithreáin Thréigthe 1990. Ó thosach feidhme an Actica um Athbheochan Uirbeach agus Tithe 2015 i leith, éisteann an Binse achomhairc i ndáil le cinntí ar luach margaidh láithreán faoin Acht sin.

D’fhéadfaí achomharc a dhéanamh chuig an mBinse de bharr an chandaim a bhaineann le luacháil maoine nó hinráititheacht maoine. D’fhéadfadh an Binse achomharc a dhícheadú agus trí sin a dhéanamh, cinneadh an Choimisinéara a dhearbhú; achomharc a cheadú agus luacháil na maoine a leasú; nó cinneadh a dhéanamh gur chóir an mhaoin atá faoi achomharc a chur san áireamh ar an liosta luachála nó a chur as an áireamh.

Foilsítear breitheanna agus cinntí an Bhinse agus tá iad ar fáil don phobal i gcoitinne, do chleachtóirí ábhartha agus do pháirtithe leasmhara eile ar láithreán gréasáin an Bhinse ag www.valuationtribunal.ie. Tá breith ón mBinse ina breith deiridh, faoi réir cead achomhairc chuig an Ard-Chúirt ar ponc dlí. Leagtar amach struchtúr rialachais an Bhinse Luachála in **Aguisín A**.

Tailte Éireann

Tá an Binse Luachála, an tÚdarás Clárúcháin Maoine (PRA) agus Suirbhéireacht Ordanáis Éireann (OSi) á gcumasc. Beidh an eagraíocht nua a thiocfaidh chun cinn tríd an gcumasc, ar a dtugtar Tailte Éireann, freagrach as roinnt feidhmeanna tábhachtacha, lena n-áirítear:

- Córás clárúcháin maoine an Stáit,
- Bonneagar suirbhéireachta agus mapála an Stáit,
- Seirbhís luachála maoine an Stáit,
- Faisnéis geospásuil an Stáit a fhorbairt agus a chothabháil,
- Déileáil le hiarratais chun bunchíosanna a cheannach, agus
- A chinntiú go bhfuil an Binse Luachála ag feidhmiú mar is ceart

Aistríodh feidhmeanna na n-eagraíochtaí atá á gcumasc chuig an Roinn Dlí agus Cirt agus Comhionannais agus tá siad ag feidhmiú faoi choimirce na Roinne Tithíochta, Pleanála agus Rialtais Áitiúil ó thús na bliana 2018 i leith (*Ionstraim Reachtúla 573, 574 & 575 de 2017*).

Comhdhéanamh an Bhinse Luachála (Comhaltaí an Bhinse)

Tá 30 comhalta ar an mBinse faoi láthair, lena n-áirítear Cathaoirleach amháin, 9 Leaschathaoirligh, agus 20 Ghnáthchomhalta, a oibríonn i ngairmeacha dlíthiúla/suirbhéireachta cairte den chuid is mó. Ceaptar gnáthchomhaltaí ar feadh téarma cúig bliana agus d'fhéadfaí iad a cheapadh ar feadh téarma cúig bliana eile. Is féidir gnáthchomhaltaí a chur san áireamh do ról mar Leaschathaoirlach. Leagtar amach comhantas an Bhinse in **Aguisín B.**

Tagann an Binse le chéile i gcomhair cruinnithe i rannán de thriúr agus déanann an Cathaoirleach nó ceann de na Leaschathaoirligh cathaoirleacht ar na cruinnithe. Mar gheall ar athruithe a tugadh isteach i ndáil le Sceideal 2 den Acht Luachála 2001, (a rinneadh faoin Acht Luachála (Leasú) 2015), is féidir le comhalta aonair den Bhinse achomharc a éisteacht nuair a mheastar gur féidir cinneadh a dhéanamh maidir leis an achomharc gan tabhairt faoi éisteacht ó bhéal (i.e. achomharc bunaithe ar dhoiciméad).

Tá leibhéal ard gairmiúlachta, ionracais agus neamhchlaoontachta i gceist le bheith mar chomhalta den Bhinse agus go hiondúil, léireodh comhaltaí tacar sainscileanna éagsúil agus láidir ina gcuimseofaí an méid seo a leanas;

Is san oifig atá againn i dTeach Holbrook, Sráid Holles, Baile Átha Cliath 2 a reáchtáiltear an Binse agus a ndéantar éascaíocht ar éisteachtaí.

In 2019, bhí an fhoireann riarchán páirteach i ndáil le críoch a chur le 530 achomharc. Bhain an próiseas sin le bainistiú a dhéanamh ar liostaí de réir cáis, cúnamh ginearálta a chur ar fáil d'achomharcóirí, freagróirí agus páirtithe leasmhara, comhfhereagras reachtúil a eisiúint agus tacú le comhaltaí an Bhinse ar bhonn laethúil. Is é an Cláraitheoir nó an Leaschláraitheoir a fhreastalaíonn ar na héisteachtaí achomhairc ó bhéal agus a thacaíonn go díreach le comhaltaí an Bhinse.

Tá an miondealú ar na catagóirí maoine sna 478 achomharc athluachála a tugadh chun críche in 2019 leagtha amach thíos. B'ionann miondíol (siopaí), oifigí agus maoine a úsáidtear i dtionscal agus 71% de na hachomhairc athluachála a tugadh chun críche.

Leagtar amach sa chairt seo a leanas líon na n-achomharc a tugadh chun críche le linn 2019 de réir limistéar riarcháin údarás rátála. Bhí na húdaráis rátála atá ainmnithe thíos (seachas Comhairle Cathrach Bhaile Átha Cliath) rannpháirteach sa Chlár Náisiúnta Athluachála 2017.

2019 --- Cásanna Achromhairc Athbhreithnithe a tugadh chun críche

Is éard is Athbhreithniú ann an próiseas trína ndéantar maoine aonair a luacháil chun críocha rátála idir tréimhsí athluachála. D’fhéadfadh iarratais ar athbhreithniú teacht chun cinn mar gheall ar “Athrú Ábhartha ar Imthosca”⁴ ar mhaoin tráchtála nó tionscail reatha ar nós síneadh nó dhá mhaoin nó níos mó a chónascadh nó maoin nua ar fad a chríochnú.

B’ionann achomhairc athbhreithnithe agus 46 cinn de na 530 achomharc a thug an Binse chun críche in 2019. Comhaontaíodh 20 cinn de na hachomhairc (44%) gan éisteacht ó bhéal iomlán a bheith riachtanach, agus d’éis an Binse 12 cinn (26%) agus eisíodh breith ina dhiaidh sin. Rinneadh an 14 achomharc eile(30%) a aistarraingt nó a chaitheamh amach.

Tá miondealú ar na catagóirí maoine i ndáil leis na 46 achomharc athbhreithnithe a tugadh chun críche in 2019 leagtha amach thall.

B’ionann miondíol (siopaí) agus oifigí agus 55% de na hachomhairc hbhreithnithe a tugadh chun críche.

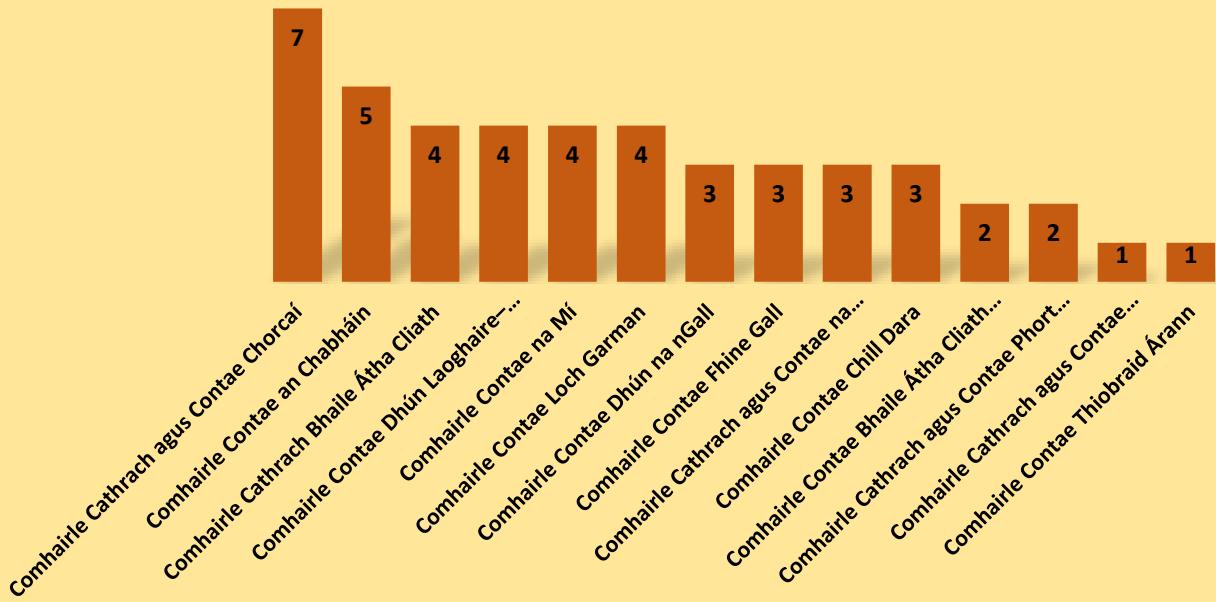

⁴ Tugtar sainmhíniú ar Athrú Ábhartha ar Imthosca san Acht Luachála 2001. Is iad seo a leanas na príomhchrítéir a bhaineann leis an rial Athrú Ábhartha ar Imthosca a bhaint amach:

1. Tá an mhaoin ina maoin reatha a bhfuil athrú tagtha ar a luach mar gheall ar athruithe struchtúir/fisiceacha (lena n-áirítear damáiste trí thine nó cús fhísiceach eile).
2. Tá an mhaoin ina maoin reatha atá roinnte ina 2 mhaoin ar leith nó níos mó.
3. Tá dhá mhaoin nó níos mó cónasctha ina maoin amháin.
4. Tá athrú tagtha ar an stádas rátála atá ag maoin reatha. Tarlaíonn sé sin nuair nach bhfuil maoin a bhí inrátáilte roimhe seo inrátáilte a thuilleadh nó nuair atá maoin nach raibh inrátáilte roimhe seo inrátáilteanois.
5. Tá an mhaoin ina maoin nua nár luacháladh cheana.

Leagtar amach sa chait seo a leanas líon na n-achomharc athbhreithnithe a tugadh chun críche le linn 2019 de réir limistéar riarracháin an údarás rátála.

2019 --- Cásanna Achomhairc maidir le Láithreáin Thréigthe agus Láithreáin Fholmha a tugadh chun críche

I gcomparáid le hualach oibre foriomlán an Bhinse, is beag líon na n-achomharc maidir le láithreáin thréigthe agus láithreáin fholmha. In 2019, thug an Binse 2 achomharc maidir le láithreáin thréigthe agus 4 achomharc maidir le láithreáin fholmha chun críche. Leagtar amach na mionsonraí a bhaineann leis na hachomhairc sin thíos.

Acmhainn an Bhinse i ndáil le hUalach Oibre

Feidhmíonn an Binse as dhá sheomra éisteachta faoi láthair. Ar an meán, maireann éisteachtaí leathlá, ach mar gheall ar a chasta is atá cuid de na hachomhairc, d'fhéadfadh níos mó ná suí amháin a bheith ag teastáil chun iad a thabhairt chun críche. Ó thús na bliana 2020, riadaradh 10 n-éisteacht ar an meán in aghaidh na seachtaine (méadú ar 8 ar an meán i mblianta roimhe seo).

Sna blianta 2017-2019, bhí éisteacht iomlán ó bhéal ag an mBinse i gceist le thart ar 52% de na hachomhairc, agus rinneadh an chuid eile a chomhaontú, a aistarraingt nó a chaitheamh amach. Is cuma má bhíonn éisteacht iomlán ó bhéal ina thoradh ar achomharc a dhéanamh, ní mór don fhoireann riarrachán sa Bhinse Luachála tabhairt faoi mhéid suntasach oibre (déantar gach cás a ullmhú ar an mbonn go mbeidh éisteacht iomlán ó bhéal ag an mBinse mar thoradh air).

Chomh maith leis sin, tugann comhaltaí an Bhinse faoi mhéid suntasach taighde agus réamhobair i ndáil le gach cás a shanntar dóibh.

Mar gheall ar ráig an choróinvíris agus na srianta a cuireadh i bhfeidhm ar shocruithe oibre ina dhiaidh sin, chuir an Binse gach éisteacht ó bhéal ar athlá ó lár mhí an Mhárta 2020. Is léir go mbeidh tionchar mór aige sin ar chumas an Bhinse déileáil leis an riaráiste achomharc atá idir lámha.

An Binse Luachála – Forbairtí Oibríochta

- ❖ **Covid-19:** Tá feidhmiú an Bhinse moillithe maidir le cinneadh a dhéanamh ar achomhairc idir lámha mar gheall ar an bpaindéim reatha. Cé gur cuireadh éisteachtaí ó bhéal ar athlá ó lár mhí an Mhárta 2020, tá an príomhsheomra san oifig i leith achomhairc athchumraithe againn le go mbeifear in ann tabhaint faoi líon teoranta achomharc ó bhéal arís ó lár mhí Lúnasa 2020 ar aghaidh.
- ❖ Rinne an Binse scrúdú gníomhach ar chianéisteachtaí/éisteachtaí ar líne a thionól agus dréachtaíodh prótacail láidre lena chinntiú go mbeidh an rialacha agus nósanna imeachta atá i bhfeidhm i ndáil le éisteachtaí ó bhéal a chur i bhfeidhm i gcás cianéisteachtaí. Chun na críche sin, thionól an Binse an chéad chianéisteachtaí i ndeireadh mhí Iúil 2020 agus táthar ag súil go mbeimid in ann líon suntasach cianéisteachtaí a thionól i gnáthchúrsa an mhúnla oibríochta atá againn amach anseo.
- ❖ Tá an Binse Luachála faoi thionchar custaiméirí agus dá bharr sin, ní féidir an t-ualach oibre i ndáil le achomhairc a thuar go cruinn os rud é go bhfuil sé sin ag brath go hiomlán ar chinneadh íocóirí rátaí tráchtala achomharc a dhéanamh in aghaidh luacháil a dhéantar ar an maoin atá i gceist. Ar an mbealach céanna, tá an méid céanna i gceist i ndáil le hachomhairc athbhreithnithe agus achomhairc a dhéantar in aghaidh an luach margaidh a leagann údaráis áitiúla síos i gcás láithreáin thréigthe agus láithreáin fholmha.
- ❖ Níl mórán d'athrú tagtha ar struchtúr an Bhinse Luachála ó bunaíodh é breis agus 30 bliain ó shin, ach tá go leor athruithe tagtha ar an timpeallacht ina bhfeidhmíonn sé, lena n-áirítear leathadh amach an Chláir Náisiúnta Athluachála. Le linn na tréimhse sin, tá méadú seasta tagtha ar líon na n-achomharc a dhéantar chuig an mBinse ach tríd is tríd, tá an próiseas i ndáil le cinnteoireacht mar a bhí i gcónaí.
- ❖ Tá oiriúnacht na cóiríochta oifige i ndáil leis an acmhainn chun an t-ualach oibre achomhairc a chur i gcrích (ós rud é go n-oibríonn an oifig as ceann éigin de dhá sheomra achomhairc (roimh covid-19)) ina constaic roimh an mBinse i ndáil lena chuid feidhmeanna a chur i gcrích ar bhealach chomh héifeachtúil agus is féidir.
- ❖ Bhí iarmháirtí suntasacha ag an gClár Náisiúnta Athluachála agus beidh i gcónaí ar ualach oibre an Bhinse i ndáil lena chumas a chuid feidhmeanna reachtúla a chur i gcrích ar bhealach atá tráthúil agus éifeachtúil.
- ❖ In 2018 bhunaigh an tAire Tithíochta, Pleanála agus Rialtais Áitiúil ag an am Grúpa Oibre d'fhonn feabhsuithe i ndáil le cuntasacht, éifeachtúlacht agus éifeachtacht a bhaint amach maidir leis an gcaoi a n-oibríonn an Binse. Tá an t-athbhreithniú criticiúil tréimhisiúil sin curtha i gcrích agus tá réimse moltaí ann lena chinntiú go bhfuil an Binse Luachála oiriúnach don fheidhm agus go bhfuil a dhóthain acmhainní aige chun a ról a chur i gcrích go rathúil d'fhonn tacú lena fheidhm reachtúil. Oibríonn an Binse agus an Roinn i ndlúthchomhar i gcónaí chun na príomh-mholtaí

atá leagtha amach san athbhreithniú criticiúil tréimhsíúil a chur chun cinn, na saincheisteanna atá leagtha amach thusa san áireamh.

- ❖ Sa mhéid seo a leanas, leagtar amach an phleanáil straitéiseach atá an Binse le cur i bhfeidhm don mheántréimhse agus don fhadtréimhse leis an aidhm dul i dtreo múnla oibriúcháin atá níos éifeachtúil.
