6.2 Section 48(3) of the Act as amended by section 27 of the Valuation (Amendment) Act 2015 provides for the factors to be taken into account in calculating the net annual value:

“Subject to Section 50, for the purposes of this Act, “net annual value” means, in relation to a property, the rent for which, one year with another, the property might, in its actual state, be reasonably be expected to let from year to year, on the assumption that the probable annual cost of repairs, insurance and other expenses (if any) that would be necessary to maintain the property in that state, and all rates and other taxes in respect of the property, are borne by the tenant.”

7. APPELLANT’S CASE

7.1 The Appellant’s provided a precis of evidence in relation to the subject property to support a claimed for reduction in the net annual value to €20,000. Mr Donnelly the Appellants valuer stated that the valuation had been based on information and documents provided to him by Kevin Keenan.

7.3 Mr Donnelly provided a location map and stated that the property is located on Newry Road outside Dundalk Co. Louth. 8. RESPONDENT'S CASE

8.1 No submission was made by the Respondent.

9. SUBMISSIONS

9.1 No legal submissions were made.

10. FINDINGS AND CONCLUSIONS

10.1 On this appeal the Tribunal has to determine the value of the Property so as to achieve, insofar as is reasonably practical, a valuation that is correct and equitable so that the valuation of the Property as determined by the Tribunal is relative to the value of other comparable properties on the valuation list in the rating authority area of Louth County Council.

10.2 As no submission was made on behalf of the Respondent the Tribunal examined this admission made on behalf the Appellants. The Tribunal noted that the onus of proof is on the Appellant to discharge the burden of proof. This is well established law.

10.3 The Tribunal notes that no argument, floor areas, business accounts, relevant comparable evidence or basis of valuation or methodology was included in the Appellants precis.

10.4 Consequently the Appellants failed to make a case and clearly the onus of proof test has not been met.

10.5 The Tribunal determined that the Valuation of €149,400 as it appears on the valuation list is correct.

DETERMINATION:

Accordingly, for the above reasons, the Tribunal disallows the appeal and the valuation of the property as it appears on the valuation certificate at €149,400 is correct.

RIGHT OF APPEAL:

In accordance with section 39 of the Valuation Act 2001 any party who is dissatisfied with the Tribunal's determination as being erroneous in point of law may declare such dissatisfaction and require the Tribunal to state and sign a case for the opinion of the High Court

This right of appeal may be exercised only if a party makes a declaration of dissatisfaction in writing to the Tribunal so that it is received within 21 days from the date of the Tribunal's Determination and having declared dissatisfaction, by notice in writing addressed to the Chairperson of the Tribunal within 28 days from the date of the said Determination, requires the Tribunal to state and sign a case for the opinion of the High Court thereon within 3 months from the date of receipt of such notice.
